## OBJECTIVE

Project architect position in a design oriented firm.

## ARCHITECTURAL EXPERIENCE

Contracted by Dima Consulting New York - Designer

Sep 08 – present

UK Architects – Project Manager

Dec 07 – Aug 08

- **Hanover Cooperative, Hanover, New Hampshire**
  - \$1.7 Million grocery store completed in November 2008.
  - Role: Project Manager with responsibilities for design, production, team management and coordination for Design Development, Construction Documents, and early Construction Administration phases of the project.
  - Results:** Maintained the project on budget and on schedule, while adding an enclosed loading dock during CD phase.

RIM Architects – Associate

Jun 01 – Aug 07

- **South Peninsula Hospital, Homer, Alaska**
  - \$26 Million hospital expansion and remodel being completed in two phases; first phase completed in August 2007.
  - Role: Project Architect with responsibilities for production, team management and coordination for all phases of the project through Construction Administration.
  - Results:** Successfully managed a complex client-user-design team interaction, while ensuring an uninterrupted design progress for the duration of the project.
- **Segelhorst Hall, Anchorage, Alaska**
  - \$2 Million university housing completed in July 2007.
  - Role: Project architect with responsibilities for design, production, team management and coordination for all phases of the project through Construction Administration.
  - Results:** Managed to provide the client with greater building area, while maintaining the original budget and respecting a tight semester-driven completion schedule .
- **Northwest Arctic Heritage Center, Kotzebue, Alaska**
  - \$10 Million mixed-use facility currently under construction.
  - Role: Project Architect with responsibilities for production, team management and coordination for Design Development through Bidding
  - Results:** Successfully collaborated with a governmental entity as a client, and a diverse, largely Native American, user group.

- **National Park Service Headquarters Building, Anchorage, Alaska**
  - \$14 Million office building completed in July 2003.
  - Role: Project Designer with responsibilities for design and production for all phases of the project through Construction Administration.
  - Results:** Member of a design team that has managed to envision, design and construct a custom five story office building in eleven months in Alaska.
