

Landscape Designer

Consensus Planning is seeking a passionate, forward-thinking landscape designer to join our dynamic, diverse team at Consensus Planning. Our landscape architects and designers create inviting, ecologically responsive spaces that promote social interaction and fun, and are recognized for innovative thinking and exceptional construction documentation. As a social art, landscape architecture seamlessly combines creative, thought-provoking design with critical thinking—addressing societal needs, regulatory frameworks, client visions, and ecological priorities to produce outstanding results. The ideal candidate is dedicated to design excellence, eager for professional growth, collaborative, and possesses strong technical skills.

We are looking for enthusiastic people with the following qualities:

- Creative and critical thinker who enjoys approaching complex projects from multiple angles and helping clients find innovative solutions.
- Demonstrates strong graphic, verbal, and written communication skills.
- Shows initiative and performs well in collaborative settings with diverse project teams.
- Approaches design from an environmentally sustainable and ecological perspective.
- Desires to implement landscape architectural design solutions that address problems and add value to the communities and clients we serve.
- Dedicated to a career in landscape architecture, continuing education and professional development.
- Appreciates the integration of related disciplines in advancing landscape architecture, including architecture, engineering, and planning.

Required Qualifications:

- Bachelor's and/or master's degree (preferred) in landscape architecture or a related field.
- +/- 2 years of relevant experience in a landscape architecture firm or multi-disciplinary office environment.
- Interest in gaining experience with various project types, including parks and open space/outdoor recreation, single and multi-family development, streetscapes, institutional, educational, and urban design.
- Experience in preparing contract documents, including knowledge of construction materials and methods, plant materials, irrigation design, and cost estimation.
- Comfortable working on multiple projects to meet internal and external project deadlines.
- Proficiency with Land FX, AutoCAD, Microsoft Office, and Adobe Suite.

Additional Skills and Experience (desired, but not required):

- Familiarity with and experience in xeriscape design principles.
- Experience and knowledge of regulatory requirements for landscape and site plans in Albuquerque, Bernalillo County, and other municipalities.
- Site design, including but not limited to, circulation, courtyard and pool environments, and site/drainage coordination.
- Understanding and experience with urban design through sketching and developing conceptual plans (experience with rendering in SketchUp a plus).

Benefits of being on the Consensus Planning Team:

In addition to a competitive salary, we offer a comprehensive benefits package that includes a 401(k) and retirement profit-sharing plan, company-paid health, dental, and vision insurance, generous paid time off, and paid holidays. We also support professional growth by covering professional membership dues, providing financial assistance for licensure, supporting continuing education, and offering paid attendance at national conferences.

Please submit a letter of interest (with salary expectation), resume, and digital portfolio of relevant design and work samples to Ken Romig at romig@consensusplanning.com.
